About Screen Production (BMedia)

Imagine being taught by industry professionals who are passionate about what they teach! Murdoch Screen Production academics are inspired by individuality and creativity; the endlessness of possibilities in imagination and are satisfied when they know you have learnt all that you can from them.

As a Screen Production student you will be taught the operational and technical skills from these highly awarded lecturers. You'll be given industry standard training across all aspects of the film, TV and digital screen production process. You will receive hands-on skills in our Media Arts Centre, using our TV production studios, editing suites and explore new media

applications like lighting and camera production. You will graduate with a comprehensive portfolio to showcase your skills. This degree allows you to learn specialist production skills so you can explore scriptwriting, direction, editing, production, lighting and sound design.

You will have an appreciation and understanding of the local and global screen industry, exploring the theory and practice of screen and sound production. You will study cinematic and photographic design, documentary, drama and experimental film, television productions, digital production, community and Indigenous media.

What can I do with my Screen Production degree?

As a Murdoch Screen Production graduate, your employment outlook is excellent, especially if you combine it with other disciplines, such as; Communication and Media Studies, Online Communication & Production or Journalism. You could find employment in the creative industries (new media, advertising, television, music, film) to management, administration, public policy, media research.

Screen Production
