

American Degree Transfer Program

The liberal curriculum of the American Degree Transfer Program (ADP) encourages you to have a spirit of inquiry and openness to the culture of exchanging ideas. At the same time, its teaching methods will develop your ability to think critically. This program is committed to the ideal that you should have the opportunity to achieve your fullest potential and be committed to sustaining a multi-cultural environment that celebrates diversity, affirms differences and provides links to the larger community and other countries.

The incredible flexibility is a key strength of the ADP. Starting with two years of 'liberal arts' studies before majoring in specific disciplines means you get a more broad-based education that allows you to communicate confidently and think independently. You are free to choose a combination of science and arts subjects and should you decide to change majors, credit transfers are possible. The program also makes it possible for you to transfer not only to American universities of your choice but also to the UK, Australia, New Zealand and Canada.

Since KDU first introduced the ADP to Malaysians in 1983, it has enabled thousands of students to transfer over to 500 universities and colleges across the USA. You too can benefit from the close attention of our experienced lecturers in small classes, and the great pastoral care afforded by the student-lecturer ratio. Take advantage of our very competitive tuition fees, regularly organized education fairs and supportive university placement services.

DURATIONS:

2 YEARS AT KDU UC +2 YEARS AT AN AMERICAN / CANADIAN UNIVERSITY OF CHOICE

COURSE MODE :

FULL TIME

INTAKES :

JANUARY, MAY & SEPTEMBER
