

Cambridge International Examinations (CIE) GCE A-Level

The CIE GCE A Level is the most popular pre-university programme in the world, with its long-standing reputation for academic excellence. The Cambridge curriculum has been lauded for its emphasis on the analysis of content as well as its students' ability to challenge and defend views.

University of New South Wales (UNSW) Foundation Year

KDU has been the sole provider for this pioneering and prestigious programme in Malaysia for the past 15 years. All of our students have passed and qualified for entry into the prestigious Group of Eight universities in Australia, as well as other Australian universities.

Australian Matriculation Programme (AUSMAT)

The AUSMAT is a pre-university qualification which is recognised and accepted worldwide. The programme, which is offered in collaboration with the government of Western Australia School Curriculum and Standards Authority equips students with a sound academic foundation that is necessary for tertiary education in different disciplines.

Foundation Studies (Business)

The KDU University College Foundation Studies, which is accredited by MQA, offers you a direct pathway and is ideal if you have decided to pursue your undergraduate studies in Malaysia, either with KDU University College Degree programmes or with those from our partner universities such as Keele University (UK) or IMI University Centre (Switzerland).
